THE CHALLENGE

Owning a storage facility is a substantial investment that needs Property and Casualty (P&C) insurance to stay protected. But self-storage is a unique industry with specific insurance needs, and not every P&C insurance product is tailored to meet those needs. That means the wrong one could have you paying for coverage that doesn't truly protect you, leaving you financially exposed.

THE SOLUTION

A P&C product that is custom to the self-storage industry and crafted by experts in the field who have served self-storage customers for years. This gives operators peace-of-mind that their investment is protected in the face of unexpected events.

THE STORABLE APPROACH

Because Storable is focused on self-storage, our insurance professionals craft the right policies for operators that are completely tailored to the self-storage industry. The coverage you need is the coverage you get. Our P&C team has over fifty years of combined experience, specifically in self-storage, and can provide a wide-range of coverage options because our P&C insurance group represents a majority of the 'A' Rated National Insurers.

ENHANCED PROTECTION

You'll know your investment is protected because of their self-storage expertise.

COMPETITIVE BENEFITS

You'll benefit from relationships with the majority of the 'A' rated insurers, receiving competitive rates and policy terms.

SIGNIFICANT TIME SAVING

You can gain time back by getting your P&C insurance and FMS from the same family of companies.
